(1) Espresso Models. (2) Freshbrew Models.

coex Genesis machines fitted with either the CoEx® or double freshbrew brewer **must** be fitted with a scale inhibiting water filter. Crane Merchandising Systems recommend and supply Brita Purity and 3M Cuno water filters.

High quality drinks for the office and workplace

Quality | Satisfaction | Sustainability

With its large ingredient and cup capacity the **Genesis** has been designed to provide delicious, thirst quenching hot drinks around the clock. The machines offer a full range of instant, freshbrew and bean to cup drinks and provide the perfect solution for offices, conference facilities, restaurants and cafeterias, anywhere in fact where a high quality beverage needs to be served quickly and efficiently.

SATISFY TASTE, DRIVE UP SALES

- Environmentally friendly - power save software reduces energy consumption while keeping the machine vend ready, Genesis is available as Carbon Neutral
- Intuitive build-a-drink interface - back lit buttons enable easy drink selection
- Large LCD display - provides customers with clear and concise information
- **SureVend™** - guarantees product delivery or customer offered a refund
- Motorised dispense head - provides 2 dispense positions and prevents cross contamination between vends
- Flexible cup drop unit - dispense either paper or plastic cups from 7oz to 9oz sizes
- Speedy vend times - the perfect choice for workplace, office or leisure environments
- Operator friendly - easy to clean, fill and maintain
- Common components and simple machine programming

SureVend™ guaranteed product delivery

The **SureVend™** product delivery feature guarantees that the selected drink is only dispensed when the sensors detect a cup in the dispense area.

The system works by attempting to drop a cup and deliver the drink up to 3 times. If the drink is not dispensed after 3 attempted vends the customer is given the option of using their own mug or accepting a refund.

café culture

A great cup of fresh bean-to-cup coffee, a delicious freshly brewed leaf tea or a large, frothy cappuccino. All of these quality beverages plus a wide range of speciality selections are available from the **Genesis**, Crane Merchandising Systems' market leading table-top drinks solution. Today, more than ever consumers demand more: more taste, more aroma, more choice and more value. Genesis delivers the perfect beverage...every time!

Bring the high street Coffee Shop to your workplace!

Genesis bean to cup machines feature the compact CoEx® brewer which allows both full flavoured bean to cup selections as well as freshbrew coffee to be produced from a single unit.

Savour the aroma and full flavour of coffee brewed from the bean, enjoy a long smooth freshly brewed filter coffee, or choose one of the many speciality selections all served to perfection.

- Produces low pressure freshbrew coffee and high pressure bean to cup selections from single, compact CoEx® unit
- Versatile CoEx® unit also allows bean to cup coffee selections to be brewed under low pressure
- Paper cups for that authentic coffee house experience
- Visible bean container with sealable lid keeps beans fresh for longer
- CoEx® brewer unit can be quickly and easily removed and cleaned in hot water
- B2C machine is also available with a freshbrew tea option, further extending its market leading position

Caring for the environment & reducing operating cost

Continuing CMS' goal for providing a range of environmentally friendly products, Genesis features **power save** software, reducing energy consumption whilst keeping the machine "vend ready". A bean to cup Genesis in energy save mode uses 28% less energy per hour than when in idle mode while Instant and Freshbrew models use 35% less energy per hour!

A sustainable partnership

With over 80 years vending experience, strong, continuous investment in NPD, and focus on quality in everything we do, CMS is your long term partner when it comes to providing high quality vending solutions, after sales support and complete peace of mind.

- Maximum Reliability
- Increased Profitability
- Consistently Delivered
